10/21/16	EMS 4402	Paramedic CE	36	L15 – Emergency Medical Services	3	Tracy McPherson

Rationale:

The North Carolina Office of Emergency Medical Services (NCOEMS) has announced new rules that will go into effect January 1, 2017, that will impact courses that they regulate which lead to state-recognized EMS credentials. These new rules impact course titles, hours, and content of certification-related training. These new courses align with these changes and will replace the existing courses that reside within the Combined Course Library (CCL).
