## Outline of Curriculum Standard Revision

### Architectural Technology (A40100)

#### Revision:

- Added newly approved ARC 116 Architectural Design Studio I, ARC 117 Architectural Design Studio II, and ARC 216 Architectural Design Studio III as additional course options to the existing course lists contained within the curriculum standard program major area.

**Rationale:** The additional course options are designed to allow for closer program alignment with UNC Charlotte's architectural program; therefore, will be beneficial to program completers who matriculate to UNCC. Colleges wanting to retain their current program of study may continue to do so without change.
