## I. Purpose Statement

G.S. 115D-5(a) provides that “[t]he State Board of Community Colleges may adopt and execute such policies, regulations and standards concerning the establishment, administration, and operation of institutions as the State Board may deem necessary ... to provide for the equitable distribution of State and federal funds to the several institutions.” G.S. 115D-31(a) further describes the State Board’s responsibility to provide, “from sources available to the State Board,” financial support to the institutions.

On October 3, 2023, the *2023 Appropriations Act* was enacted into law as Session Law 2023-134). Through this legislation, the General Assembly established the appropriation to the North Carolina Community College System for FY 2023-24 and FY 2024-25, and communicated various directives and made policy changes that require State Board action. These actions and adjustments are required to ensure appropriate fiscal control with respect to the allocation of resources, and as such require the State Board’s deliberation and approval. It is the purpose of this document to allocate funds to the colleges and adopt necessary policies consistent with the *Appropriations Act* and in compliance with G.S. 115D-5(a) and G.S. 115D-31.

**It is the responsibility of the colleges to ensure that State and Federal funds are expended consistent with the policies herein.**

## II. Guidelines Related to State Salaries of Community College Employees

### A. Salaries of Faculty, Professional Staff, and Other State-Supported Positions

- 1) **Compensation Increase Reserve Funds (Recurring):** The 2023 Appropriations Act appropriated approximately \$51.7 million in recurring funds. Session Law 2023-134 directs that a 3% across-the-board salary increase be provided to community college employees effective July 1, 2024. Salary increases apply to those employed in a state funded position on June 30, 2024.

Funding provided in Session Law 2023-134 is for State-funded community college employees only and may only be used for this purpose. Salary increases for non-state funded employees must be funded from those non-state sources.

Since these funds are **recurring**, they have been **incorporated into the colleges' formula and categorical allocations by increasing the base and FTE funding rates** (see Sections III.A.1 –III.A.4 for further descriptions).

- 2) **Effective Date of Salary Increases:** State funds shall be used to support salary adjustments effective July 1, 2024.
- 3) **Local Flexibility to Make Further Adjustments to Base Salaries:** Community college boards of trustees may provide personnel salary increases consistent with the salary determination methods adopted as part of each college's personnel policies under 1C SBCCC 200.94. Colleges may use the flexibility provided under this rule to make recurring adjustments to the base salary of employees in State-funded positions within the constraints of the college's State budget allocation. Non-recurring adjustments or bonuses are not allowable except for one-time, performance-based bonuses authorized under G.S. 115D-31.3(g) (see E. Other Personnel-Related Provisions for more detail).
- 4) **No Across-the-Board Recurring Salary Increases in Fourth Quarter:** Notwithstanding the above, colleges may not use State funds to provide across-the-board recurring salary increases during the fourth quarter of the fiscal year. Other recurring adjustments are allowed provided recurring funds are available.
- 5) **State Board Minimum and Maximum State Salaries:** Per 1C SBCCC 400.3, the State Board shall adopt a minimum and maximum amount of State funds which may be paid to any full-time employee of the college paid with State funds. With the exception of the college president, the minimum amount is **\$31,200** and the maximum amount is **\$163,269** for FY 2024-25. The minimum amount is the annual equivalent of the required \$15 per hour minimum.<sup>1</sup> The maximum value has been revised to incorporate the 3% salary increase.

---

<sup>1</sup> Effective July 1, 2022, no State-funded community college employee shall earn less than \$15 per hour.

- 6) **Locally funded Compensation Adjustments:** Colleges may provide recurring or non-recurring salary adjustments using local funding sources if such adjustments are an authorized use of those funds.

## **B. Establishment of Minimum Salaries for Curriculum Faculty**

No curriculum faculty member shall earn less than the minimum amount for his or her education level, as of the beginning of the contractual period, consistent with the following guidelines:

- 1. Definitions of Educational Levels:** The minimum salaries for community college curriculum faculty shall be based upon the following educational levels as demonstrated through credentials earned from an accredited institution:
  - Vocational Diploma, Certificate or Less – This education level includes faculty members who are high school graduates, have vocational diplomas, or have completed one year of college.
  - Associate Degree or Equivalent – This education level includes faculty members who have an associate degree or have completed two or more years of college but have no degree.
  - Bachelor’s Degree.
  - Master’s Degree or Education Specialist.
  - Doctoral Degree.
  
- 2. Full-Time Curriculum Faculty Minimum Salaries:** No nine-month, full-time faculty member shall earn less than the minimum salary for his or her education level, regardless of whether their degree is applicable to what they are teaching. The minimum salaries for full-time faculty described in #4 below reflect the 3% salary increase. To comply with law, colleges must ensure that faculty are not paid below the minimum.
  
- 3. Part-Time Curriculum Faculty Minimum Salaries:** The *pro rata* hourly rate of the minimum salary for each education level shall be used to determine the minimum salary for part-time faculty members. This is calculated by dividing the full-time faculty minimum by 1,560 hours (number of hours for 9/12<sup>th</sup> of a work year). **The FY 2024-25 minimum salaries for part-time faculty are fifteen percent (15%) above these derived minimums based on the minimum salaries for full-time faculty.** This is consistent with the 2005 agreement between the System Office and the North Carolina Association of Community College Presidents to recognize work time required outside of direct classroom instruction. The State Board establishes the “contact hour” as the standard unit of measure for the purpose of determining compliance with this requirement.

4. **Minimum Faculty Salaries by Education Level:** The minimum salaries for community college curriculum faculty shall be:

<b>Education Level</b>	<b>Full-Time Faculty (9-month Contract)</b>	<b>Part-Time Faculty (Hourly Rate)</b>
Vocational Diploma, Certificate or Less	\$43,120	\$31.79
Associate's Degree or Equivalent	\$43,720	\$32.23
Bachelor's Degree	\$46,321	\$34.15
Master's Degree or Education Specialist	\$48,629	\$35.85
Doctoral Degree	\$51,956	\$38.30

5. **Effective Date:** Colleges must pay curriculum faculty at or above these rates effective July 1, 2024.

### C. College Presidents' State Salaries

Per G.S. 115D-20(1), it is the power and duty of the college board of trustees "(t)o elect a president or chief administrative officer of the institution for such term and under such conditions as the trustees may fix, ...such election to be subject to the approval of the State Board of Community Colleges." Furthermore, per G.S. 115D-5(a), "(a)ny and all salary caps set by the State Board for community college presidents shall apply only to the State-paid portion of the salary." Therefore, the amount of local supplement, if any, and the president's total salary is a decision of the local college's board of trustees.

Per 1C SBCCC 400.2.(b)(1), "the State Board shall adopt State salary grades for college presidents that are based on institutional size." A president's placement on the schedule is based on the size of the institution.<sup>2</sup> The size of the institution is determined by the higher of the previous year's total FTE reported in the enrollment reports furnished to the System Office, including both budget and non-budget FTE, or the average of the prior two year's total FTE enrollment. The salary for each grade has been revised to incorporate the 3% salary increase.

GRADE		
1	2	3

  

FTE RANGE		
0-2499	2500-6499	6500+

  

ANNUAL STATE SALARY		
\$161,414	\$172,317	\$183,976

---

<sup>2</sup> Consistent with action taken by State Board in November 2012, if a sitting college president's State salary on June 30, 2013, exceeds the established salary for his/her salary grade, the college is allocated an amount equal to the State salary as of June 30, 2013, adjusted for any subsequent legislative salary increases and salary grade changes.

**D. Employer Contribution Rates and Longevity – FOR INFORMATION ONLY**

- 1. Employer Contribution Rates for Health Insurance:** Per Section 39.26.(e) of S.L. 2023-134, the maximum annual employer contribution rate for FY 2024-25 is \$8,095 for employees and \$5,405 for retirees.
- 2. Employer Contribution Rates for Retirement:** Per Section 39.26.(c) of S.L. 2023-134 colleges shall contribute the following rates toward employee retirement effective July 1, 2024:
  - Teachers and State Employees Retirement System (TSERS): 24.04%<sup>3</sup>

The recurring funds needed to support the **recurring** increase in the retirement rates above have been **incorporated into the formula values**.

- 3. Longevity:** The General Assembly did not make any changes to longevity pay for community college employees. Colleges should continue to pay longevity to employees consistent with 1C SBCCC 400.8. Please note that consistent with this rule, longevity pay is calculated on an employee's annual base or contract salary rate. **Therefore, bonuses shall not be included in longevity calculations.** Longevity must be paid from the same funding source as an employee's salary. Funds will be allocated separately for longevity expenses associated with employees supported by formula funds. Note that these funds may not be used to support longevity expenses related to employees supported by categorical funds.

---

<sup>3</sup> **Regarding presidents participating in TSERS:** G.S. 115D-5(a) provides that "the employer contribution rate on the local-paid portion of the salary, to be paid from local funds, shall be set by the State Treasurer based on actuarial recommendations." Unless notified otherwise in the future, colleges should operate under the assumption that the employer contribution rate on the local-paid portion will be the same as the State-paid portion.

(This page left blank intentionally.)

## E. Other Personnel-Related Provisions

1. **Performance-Based Bonuses:** Per G.S. 115D-31.3(g) a college may use Performance Based allocation funds, including any allocated performance-based carry forward funds, for one-time, performance-based bonuses for faculty and staff. A bonus awarded using this authorization is not subject to retirement.

**Fiscal Management:** These Performance-Based bonus expenditures should be coded to

- Vocational code 50.

### Excerpt from § 115D-31.3. Institutional performance accountability.

(g) Recognition of Successful Institutional Performance. - For the purpose of recognition of successful institutional performance, the State Board of Community Colleges shall evaluate each college on the performance measures set out in subsection (e) of this section. Subject to the availability of funds, the State Board may allocate funds among colleges based on the evaluation of each institution's performance, including at least the following components:

- (1) Program quality evaluated by determining a college's rate of student success on each measure as compared to a systemwide performance baseline and goal.
- (2) Program impact on student outcomes evaluated by the number of students succeeding on each measure.

A college may use funds allocated to it pursuant to this subsection for one-time, performance-based bonuses for faculty and staff. Notwithstanding G.S. 135-1(7a), a bonus awarded with funds pursuant to this subsection is not compensation under Article 1 of Chapter 135 of the General Statutes.

2. **Mitigate Bonus Leave:** Section 39.24 of S.L. 2023-134 authorizes state agencies, departments, institutions, the NC Community College System, and the UNC System to offer employees the opportunity to use or to cash in special bonus leave benefits that have accrued if all the following requirements are met:

- Employee participation is voluntary.
- Special leave that is liquidated for cash payment must be valued at the amount based on the employee's current annual salary rate.
- Each agency shall report on the position characteristics of employees participating in the program. A report is due by March 1, 2026.

Colleges are **not required** to offer employees this option. If the option is made available, each participating college may determine locally the amount of funding available to support bonus leave buyouts within its overall funding availability. Participating colleges must identify procedures that, at minimum, address the following issues:

- Ensures that all applicable employees are made aware of this opportunity.
- Establishes a clear process for how employees can submit a request to cash in their desired number of bonus leave hours.
- Provides a fair and impartial method for fulfilling requests, to the extent possible, within the college's determined funding availability for this purpose.

\*Allocations reflecting an increase/(decrease) in the difference column indicate a legislative action, a change in FTE, and/or a change due to the increase in employer contribution rates for retirement and health benefits.

## A. Formula Budget – Current Operating

The formula budget is the primary mechanism through which State funds are allocated to the colleges for current operations. For FY 2024-25, a total of \$1,571,738,856 is allocated through the current operating formula budget. Funds are allocated using three methodologies: 1) base allocations, which provide a standard amount of support regardless of college size, 2) enrollment allocations, which vary based on a college's full-time equivalent (FTE) student enrollment, and 3) performance-based allocations, which are determined based on student outcomes. While each component of the formula budget uses a combination of these methodologies, enrollment is the key driver for colleges' formula budgets. There are two types of FTE used in this process: budget FTE and baseline FTE.

**Budget FTE:** Budget FTE is the number of full-time equivalent students for which a college is budgeted to serve. BFTE is calculated based on the higher of the prior year's enrollment or the average of the prior two years. For FY 2024-25, systemwide budget FTE totals 239,437.

**Baseline FTE:** The General Assembly has not yet approved funding for the increase in budget FTE from the prior year. Baseline FTE has been calculated to adjust FTE to the prior year's budget FTE. This was done through a set of allocations designed to ensure that each college only experiences a decrease in baseline FTE if that college's budget FTE decreased. For FY 2024-25, systemwide baseline FTE totals 226,789.

Instructional FTE allocations are calculated on a tiered-funding basis. With the implementation of the Closing the Skills Gap proposal in FY 2014-15, there are four funding tiers.

- **Tier 1A:**
  - Curriculum courses in health care and technical education aligned to priority occupations that have documented skills gaps and pay higher wages.
  - Workforce Continuing education courses aligned to the priority occupations that have documented skills gaps and pay higher wages. Course sections must be scheduled for 96 hours or more and mapped to a third-party credential, certification, or industry-designed curriculum.
- **Tier 1B:**
  - Curriculum courses in other high-cost areas of health care, technical education, lab-based science, and college-level math courses.
  - Workforce Continuing education courses that help prepare students for jobs in priority occupations and lead to industry credentials. Course sections must be scheduled for 96 hours or more and mapped to a third-party credential, certification, or industry-designed curriculum.
- **Tier 2:**
  - Remaining curriculum courses

- Workforce Continuing education courses leading to state or industry-recognized credential. Course sections must be scheduled for 96 hours or more and mapped to a third-party credential, certification, or industry-designed curriculum.
- **Tier 3:**
  - Workforce Continuing Education course sections based on course codes designated eligible for Tier 1A, 1B or 2 which do not meet the course hours scheduled and credential requirements (unless otherwise noted as an exception by the SBCC).
  - Remaining Workforce Continuing Education courses.
  - Basic Skills courses.

This weighted allocation model is designed to provide a funding differential between each tier (See Appendix D for more detailed information on tier designations). The State Board of Community Colleges retains the authority to designate tier levels for curriculum program prefixes and Workforce Continuing Education course codes.

## 1. Curriculum Instruction

**Purpose:** A total of \$798,240,043 is allocated for curriculum instruction, including instructional salaries, fringe benefits, and other costs, such as supplies, materials, and faculty travel.

**Allocation Method:** Curriculum baseline FTE was used for allocations provided in this budget package.

A college's curriculum baseline FTE is categorized into three funding tiers based on the proportion of the college's actual FTE in each tier. Tier 1A includes FTE in health care and technical education courses aligned to priority occupations that have documented skills gaps and pay higher wages. Tier 1B includes FTE in other high-cost health care, technical education, lab-based science, and college-level math courses. Tier 2 includes FTE in all other curriculum courses. (See Appendix D for more information about tier designations.) System-wide, 17% of curriculum FTE are in Tier 1A, 26% in Tier 1B, and 57% are in Tier 2.

Each college receives a base curriculum allocation of \$525,822 which represents funding for six instructional units (or the equivalent of six full-time faculty members). In addition to this base, a college is allocated \$5,215.16 for each FTE in Tier 1A, \$4,613.41 for each FTE in Tier 1B, and \$4,011.66 for each FTE in Tier 2. These tier values have been adjusted from FY 2023-24 levels to account for the compensation increase and changes in employer contribution rates for retirement and state health insurance approved in the *Appropriations Act*.

**Fiscal Management:** These funds are budgeted and expended through the following codes:

- Purpose codes: 220
- Vocational code: 97, 20, 50 (for performance-based bonuses see Appendix E)

## 2. Workforce Continuing Education Instruction

**Purpose:** A total of \$146,390,079 is allocated for continuing education instruction, including instructional salaries, fringe benefits, and other costs, such as supplies, materials, and faculty travel.

**Allocation Method:** Workforce Continuing Education baseline FTE was used for allocations provided in this budget package.

A college's continuing education baseline FTE is categorized into four funding tiers based on the proportion of the college's actual FTE in each tier. Tier 1A includes FTE in a limited number of continuing education courses that train students for the exact same third-party certification as curriculum courses in Tier 1A. These continuing education courses are aligned to the priority occupations that have documented skills gaps and pay higher wages. Course sections must be scheduled for 96 hours or more and mapped to a third-party credential, certification, or industry-designed curriculum.

Tier 1B includes FTE in short-term, workforce continuing education courses that help prepare students for jobs in priority occupations and lead to industry credentials. Course sections must be scheduled for 96 hours or more and mapped to a third-party credential, certification, or industry-designed curriculum. Tier 2 includes FTE in other continuing education courses that are scheduled for 96 hours or more and are mapped to a third-party credential, certification, or industry-designed curriculum (see Appendix D for a list of continuing education courses in Tier 1A, Tier 1B, and Tier 2). Tier 3 includes FTE in all other continuing education courses.

Each college receives a base Workforce Continuing Education allocation of \$87,637, which represents funding for one instructional unit (or the equivalent of one full-time faculty member). In addition to this base, a college is allocated \$5,5215.16 for each FTE in Tier 1A, \$4,613.41 for each FTE in Tier 1B, \$4,011.66 for each FTE in Tier 2, and \$2,539.38 for each FTE in Tier 3. These tier values have been adjusted from FY 2023-24 levels to account for the compensation increase and changes in employer contribution rates for retirement and state health insurance approved in the *Appropriations Act*.

**Fiscal Management:** These funds are budgeted and expended through the following codes:

- Purpose codes: 310, 311
- Vocational code: 97, 50 (see also Appendix E)

### 3. Basic Skills

**Purpose:** A total of \$35,510,130 in state funds is allocated as a state match for Title II AEFLA grant award to support basic skills (literacy) instruction, which is defined as all course offerings related to Adult Basic Education (ABE), Adult Secondary Education (ASE), and English as a Second Language (ESL).

Per G.S. 115D-31(b1), Basic Skills funds **must** be used only for Basic Skills education programs and may not be transferred to any other area. These funds may be used to hire staff and faculty to manage and implement Basic Skills programs. These funds **may** also be used to hire assessment and retention specialists, staff to support career navigators, digital literacy navigators, advisors, professional development, data specialists, career pathways coordinators, and other positions that support the purpose of this title. These funds **may** also be used to pay for transportation for Basic Skills students and childcare for children of parents attending AELFA programs. Note: High School Equivalency (HSE) Examiners or activities associated with administering HSE exams may not be supported with these funds.

Up to **five percent** of the Basic Skills allocation may be used to procure instructional technology including computers for student use in the college's literacy lab, instructional software and software licenses, scanners for testing, and classroom projection equipment. Other than instructional technology listed above, no other equipment or capital items can be purchased with Basic Skills funds.<sup>4</sup>

**If funds are transferred to equipment (purpose code 923), the college must send in a copy of the invoice when the funds are expended.**

**Allocation Method:** Basic Skills baseline FTE was used for the allocations provided in this budget package.

A college's Basic Skills allocation is determined by the sum of the following components:

- **FTE allocation:** Basic Skills FTE are funded at the Tier 3 rate. A college is allocated \$2,539.38 for each FTE in Tier 3. The FTE allocation is supported by state funds. Tier 3 values have been adjusted from FY 2023-24 levels to account for changes in the compensation increase and employer contribution rates for retirement and state health insurance approved in the *Appropriations Act*.
- **State Performance-Based Basic Skills Funding allocation:** In FY 2024-25, \$6,000,000 is allocated based on college performance on one measure:
  - **Progress of Basic Skills Students as Defined by Measurable Skills Gains -** \$6,000,000 is allocated for this measure through the "Quality" and "Impact" components of the PBF model.

---

<sup>4</sup> Session Law 2009-451 (Section 8.2).

**Basic Skills Plus:** The Basic Skills Plus waivers, authorized by G.S. 115D-5(b)(15), only apply to curriculum tuition and Workforce Continuing Education registration fees. It does not extend to local student fees. The waiver of local fees is governed by local policy. Under WIOA, an individual who completes at least 12 contact hours of service in an adult education program qualifies as a Title II “participant.”

- Basic Skills Adult Education literacy students must be concurrently enrolled in the college’s literacy program and the training.
- Students who earn their Adult High School (AHS) or High School Equivalency (HSE) diploma while receiving the Basic Skills Plus tuition waiver, may complete the specific waived course section(s). However, students are not eligible to register for additional courses using the Basic Skill Plus tuition waiver after earning their AHS diploma or HSE.
- Students may not delay earning an Adult High School or High School Equivalency to access the Basic Skill Plus tuition waivers.
- Students must attend Basic skills and pathways courses concurrently.

**Fiscal Management:** These funds are budgeted and expended through the following codes:

- Purpose codes: current – 320 (Basic Skills Plus – approved colleges only), 321, 322, 323, 325; capitalized equipment – 923 (instructional technology only)
- Vocational code: 97, 50 (see also Appendix E)

#### 4. Institutional & Academic Support

**Purpose:** A total of \$573,598,604 is allocated to support salaries, fringe benefits, and other costs related to the management and administration of the entire institution, student support, and academic program support.

**Allocation Method:** A college's institutional and academic support allocation is determined by the sum of the following components:

- **President's Allotment:** Each college receives an allocation to support the salary and related fringe benefits for the college president.
- **Base Allotment:** In addition, each college receives \$2,918,549. This amount is based on an amount for other costs and support for 30 positions:
  - Nine administrative positions (4 senior administrators, 1 general institution, 1 technical/paraprofessional, and 3 clerical); and
  - Twenty-one instructional support positions (2 supervisors of programs, 7 student support services, 4 general institution, 4 technical/paraprofessional, and 4 clerical).
- **Multi-Campus Base Allotment:** MCCs are categorized into two levels based on the number of FTE, excluding online FTE, served at that location (higher of prior year's FTE or the average of the prior two years' FTE).
  - **Level 1 MCC:** An approved MCC location that serves equal to or less than 1,200 FTE. A college receives \$681,132 for each Level 1 MCC. This amount is based on an amount for other costs and support for 7.5 positions.
  - **Level 2 MCC:** An approved MCC location that serves more than 1,200 FTE. A college receives \$1,139,192 for each Level 2 MCC. This amount is based on an amount for other costs and support for 12 positions.

Consistent with 1B SBCCC 200.3, a Level 2 MCC that has dropped to 1,200 FTE or less has been reduced by half of the difference between a Level 2 MCC and a Level 1 MCC and a Level 1 MCC that has dropped below 300 FTE has been reduced by half of the Level 1 funding. In either case, the college is notified in writing prior to the reduction.

- **Enrollment Allotment:** Colleges receive an additional \$1,974 for each allotted FTE in excess of 750 FTE. Baseline FTE was used for allocations provided in this budget package.

These formula values have been adjusted from FY 2023-24 levels to account for the compensation increase and changes in employer contribution rates for retirement and state health insurance approved in the *Appropriations Act*.

**Fiscal Management:** Funds are budgeted and expended using the following codes:

- Purpose codes: 1XX, 311, 410, 421, 422, 430, 510
- Vocational code: 97, 50 (see also Appendix E)

## 5. Performance-Based Funding Allocations

**Purpose:** G.S. 115D-31.3 directs the State Board to implement a system of accountability measures and performance standards for community colleges and to allocate funds based on an evaluation of each institution's performance. Furthermore, the General Assembly directed the State Board to allocate \$24 million beginning in FY 2014-15 based on college performance: \$18 million is allocated in this section and \$6 million is allocated as part of the Basic Skills allocation.

**Allocation Method:** This component is based on college performance on six performance measures: 1) success rate in college-level English courses, 2) success rate in college-level Math courses, 3) first-year curriculum student progression, 4) curriculum student completion, 5) licensure and certification passing rate, and 6) performance of students who transfer to a four-year institution. In addition, a portion of the Basic Skills allocation is allocated based on college performance on the remaining performance measure: 7) progress of basic skills students.

For each measure, colleges are allocated \$3 million (measures 1-6) and \$6 million (measure 7) through two components:

- **Quality:** The quality allocation for each measure is determined by comparing college index scores to statewide baseline and excellence levels:
  - If a college does not meet the baseline level, it receives no performance-based funding through the quality component for that measure;
  - If a college exceeds the baseline level, but does not meet the excellence level, it receives a portion of the performance-based funding for which it would be eligible;
  - If a college meets the excellence level, it receives 100% of the performance-based funding for which it would be eligible; and,
  - If a college exceeds the excellence level, it would receive more than 100% of the performance-based funding for which it would be eligible.
- **Impact** (Funds not allocated through Quality are allocated to Impact): College impact on student success is evaluated by the number of successful students associated with each measure.

Additional detail on the quality and impact calculations for each measure can be found in Appendix E.

**Fiscal Management:** These funds may be budgeted and expended flexibly for the same purposes as other instructional and non-instructional formula funds.

- Purpose codes: 1XX, 220, 310, 311, 321, 322, 323, 410, 421, 422, 430, 510
- Vocational code: 97, 20, 50 (see also Appendix E)

## B. Categorical Allocations

Colleges receiving categorical funds from any state government source must report the receipt and use of such funds annually to the North Carolina Community College System in accordance with the System's Annual Reporting Plan.<sup>5</sup> The System Office will send additional information at a later date to outline how to report this information.

### 1. Career and Technical Education (Federal)

**Purpose:** Career and Technical Education (CTE) funds are provided through the Carl D. Perkins Career and Technical Education Act of 2006, as amended by the *Strengthening Career and Technical Education for the 21<sup>st</sup> Century Act* (Perkins V) with the purpose of making the United States more competitive in the world economy by developing more fully the academic knowledge and technical and employability skills of students who enroll in career and technical education programs. This act places emphasis on:

- Promoting programs of studies that integrate rigorous and challenging academic and career and technical instruction, and that link secondary to postsecondary education for students who participate in career and technical education programs (Career Pathways).
- Providing professional development for faculty, administrators, specialized instructional support personnel, career guidance and academic counselors, and paraprofessionals.
- Creating greater accountability by requiring the measurement of student achievement against established core indicators of performance at both state and local levels.
- Supporting and empowering marginalized individuals (Special Populations) who elect to enroll in CTE curriculum programs.

#### **Comprehensive Local Needs Assessment (CLNA):**

- To be eligible to receive Perkins funds, colleges must conduct a CLNA that identifies gaps or needs in CTE programs evaluating: a. CTE students served including special populations; b. Description of CTE programs offered by the college are of sufficient size, scope, and quality and designed to meet local education, economic, and workforce needs; c. Evaluation of the progress toward implementing CTE Programs of Study; d. Description of how colleges will improve recruitment, retention and training of CTE faculty and support personnel including groups underrepresented in these professions; e. Description of progress toward implementation of equal access for all student
- All expenditures must connect to a gap identified in their CLNA.

**The Local Application:** Each college completes an application summarizing the comprehensive local needs assessment (CLNA); providing information on CTE programs of study; indicating how career development activities and work with WIOA (Workforce Innovation and Opportunity Act) services will take place; summarizing improvements

---

<sup>5</sup> 1H SBCCC 200.1(c2), approved May 19, 2023. See also Numbered Memo CC24-020.

planned for academic and technical skills of CTE students; serving special populations, infusing work-based learning into CTE programs; partnering with high schools to provide CTE students with postsecondary credit; supporting CTE faculty; and for continuous program improvement.

**The Local Plan:** Each college develops a local plan based on the CLNA and Application. The yearly plan includes acceptance of the allocation; agreement of assurances, acknowledgement of the CTE required activities; description of the proposed implementation of the CTE required activities; and acceptance of updated accountability/performance measures.

College Perkins CTE budgets must reflect needs or gaps identified in the CLNA, application, and local plan and be approved by System Office CTE program staff. No more than five percent of a college's allocation may be used for Perkins grant administration. The major change in Perkins V is the CLNA, which informs the application and drives the yearly activities and spending.

**Allocation Method:** The Carl D. Perkins Act requires that at least 85% of available funding be allocated to local community colleges. A total of \$13,807,990 is being allotted through the Career and Technical Education program to colleges, with \$10,356 being used for WIOA infrastructure costs (see detail below). These funds are allocated based on each college's pro-rata share of Pell Grant and BIA recipients completing twelve credit hours of CORE CTE courses pursuing a credential in a vocational/technical curriculum program in relation to the total number of Pell Grant recipients electing to enroll in CTE programs.

**Indirect Cost:** Colleges are authorized to earn indirect cost from CTE allotments. Per 34 CFR 76.564, the System Office has applied a restricted indirect cost rate of 8%. However, the Perkins CTE grant has a limitation of 5% administrative expenses. CTE budgets have included an additional budget line item to claim indirect costs. The total administrative budget (direct charges, indirect costs, and infrastructure costs) cannot exceed 5%. Refer to your approved CTE program budget for your college detail administrative breakout.

**WIOA Infrastructure Funding Agreements:** The Workforce Innovation and Opportunity Act (WIOA) sec. 121(h) requires all required partner programs of the one-stop delivery system to contribute to the infrastructure costs (non-personnel costs necessary for the general operation of the one-stop center, including: rental of facilities; utilities and maintenance; equipment; and technology to facilitate access) of the one-stop delivery system based on proportionate use and relative benefit received. WIOA sec. 121(b)(1)(B) identifies career and technical education programs at the postsecondary level, authorized under the Carl D. Perkins Career and Technical Education Act of 2006, as amended by the Strengthening Career and Technical Education for the 21<sup>st</sup> Century Act (Perkins V) as one of the required partners. Infrastructure funding agreements (IFAs) must be in place each fiscal year. The State eligible entity, the North Carolina Community College System, serves as the one-stop partner and has initiated negotiations with representatives of the local Workforce Development Boards on behalf of the colleges. As a result of these negotiations, it has been determined that \$10,356 of the five percent (5%) allowable for local administration will be remitted to the Department of Commerce, Division of Workforce Solutions, to be allocated to each local

Workforce Development Board to meet the required infrastructure contribution for each college. Therefore, these amounts have been removed from each college CTE allocation as the System Office will remit these funds on behalf of the colleges.

**Fiscal Management and Reporting:** The college contact for Perkins and business office personnel should work collaboratively to code Perkins related expenses per the college's approved Perkins local plan and budget.

**Consortia:** Colleges with an allocation of less than \$50,000 can form a consortium with a larger college. This is in accordance with Section 132 (c)(1) *Distribution of Funds for Postsecondary Education Programs*. Consortia area for planning and implementation of Perkins V include the entire service area of both colleges recognizing that faculty, students, and employers live in and work in this region and as a consortium each college deliver CTE programs that benefit and service the entire region. It must be remembered that consortia do not directly pass through funds from one college to another. The region's needs and gaps are identified during the comprehensive local needs assessment process. All expenditures for the consortium are identified in the application, plan, and budget. The consortium holds quarterly meetings to continuously identify programs and services that are mutually beneficial to the combined service area. Consortium guidelines have been developed that highlight the processes of consortia, and members enter into a Memorandum of Understanding when forming a consortium.

**NOTE:** For the 2024-25 program year the Pamlico Community College and Roanoke-Chowan Community College allocations were below the \$50,000 threshold. Pamlico Community College was not able to form a consortium with a neighboring college and therefore the funds will be redistributed to all eligible colleges by formula. Roanoke-Chowan Community College has formed a consortium with Martin Community College.

Perkins funds will be budgeted and expended through the following codes:

- Purpose codes: current - as needed, consistent with the activities in the approved budget and the Accounting Procedures Manual; capitalized equipment– 940, non-capitalized equipment should be coded to a current purpose code.
- The vocational code used for each expenditure should align with the college's approved Perkins local plan. The Perkins Act and EDGAR regulations require all expenditures to be documented in the college's approved local plan and budget or an approved modification to the local plan and budget.
- Equipment: All equipment purchased with Perkins funds must be included in the college's approved local plan and budget or an approved modification to the local plan and budget (EDGAR 200.313).
- Salaries: All positions funded in-full, or in-part must receive prior approval and be documented in the college's Perkins local plan and budget. Employees funded in-full or in-part with Perkins funds are required to submit Time & Effort Certification (Edgar 200.430 (h)(8)(i)). Time & Effort procedures and forms can be found online at [www.ncperkins.org](http://www.ncperkins.org).
- Postsecondary Programs for Secondary Students: The intent of the Perkins

postsecondary allocation is to enhance curriculum CTE programs for postsecondary students enrolled at community colleges. Colleges approved to use funds to provide instruction to secondary students will be required to annually track and report on secondary students enrolled in CTE programs of study and their progress through a certificate, diploma, or degree leading to employment.

<sup>†</sup> College's share of infrastructure costs of the One Stop Centers transferred to the Dept. of Commerce Div of Workforce Solutions under WIOA § 121(h).

\*Pamlico is below the required minimum and is not currently part of a consortium.

\*\*Martin CC and Roanoke-Chowan CC are in a consortium with Martin CC as the lead college.

In accordance with Section 132.(c)(1) of the Carl D. Perkins Vocational & Technical Education Act of 1998, no institution or consortium shall receive an allocation of federal vocational education funds in an amount that is less than \$50,000.

## 2. Child Care

**Purpose:** The intent of the Child Care Grant is to assist student-parents with the financial responsibilities for child care expenses so they may stay enrolled and complete their educational goals. No faculty, staff, or administrator employed by the college may receive or utilize funds from this grant with the exception of qualified “work study” students. Child care coordinators and financial aid officers at each college shall jointly determine the need of student-parents for child care in coordination with local social services agencies that provide child care funding for qualified students.

For the Child Care Grant, a childcare provider is a person, business or organization that provides childcare services to its clients or customers. Examples include:

- Licensed daycare or individual provider
- Unlicensed childcare provider
- Student-parents’ parent
- A personal nanny
- Before school or afterschool programs
- Summer programs

**Management of Funds:** Funds must be disbursed directly to the provider or the student-parent only upon receipt of an invoice from a child care provider accompanied by a student’s class attendance report. Neither the student parent, nor the other parent of the child may be reimbursed for services. A disbursement of funds must pass reasonable test for cost. (For example: If a student/parent’s mother is being paid to keep the student’s child, and the local child care facilities charge \$200 per week, then the parent of the student cannot pay an invoice of \$500 to the student’s parent, which would be an inflated fee.)

Under no circumstances may colleges pay in advance for services which have not been received. These funds may not be used to support the operating costs of a college childcare facility, except indirectly in the form of payments disbursed to the center as a provider of childcare services for a student-parent receiving assistance through this program. Likewise, other State funds may not be used to support college childcare facilities or support childcare staff positions. Colleges may not expend any of these allocations for administrative overhead, including salaries. The General Assembly directed the State Board to allocate these funds for this purpose and these funds may only be spent in accordance with the guidance above.

**Allocation Method:** A total of \$3,038,215 is allocated in FY 2024-25 through the Child Care Grant allotment, which includes an additional \$1.2 million of recurring funds added in S.L. 2023-134. Each college will be authorized funds on the following formula: \$20,000 (base) + \$10.16 per curriculum BFTE.

**Fiscal Management:** These funds will be budgeted and expended through the following codes:

- Purpose code: 530
- Vocational code: 80

### 3. Small Business Centers

**Purpose:** The mission of each Small Business Center (SBC) is to help the many small businesses within its service area survive, prosper, and contribute to the economic well-being of the community and the state. Small Business Centers provide a wide variety of seminars and workshops, one-on-one counseling, a library of resources, and referrals to other sources of help to owners and operators of small businesses.

The expenditure of SBC funds must be consistent with the State Board's Small Business Center Network (SBCN) Guidelines (adopted on November 20, 2020, Program Attachment 01). At a minimum, the annual SBC program funding will provide for the following at each of the 58 colleges: a) salary and fringe benefits for a full-time SBC Director or in a manner that is at least equivalent to a full-time director; and b) \$9,000 for instruction, either through instructional or contractual services budget items, that does not earn BFTE. Colleges should also be aware of the following fiscal provisions in the SBCN Guidelines:

- All instruction supported by SBC funds must be used for SBC-sponsored courses, seminars, and workshops.
- SBC funds cannot be used to produce FTE, except for SBCN-approved entrepreneurship programs.
- SBCN program funds **may not** be used for building or renovation of facilities.
- If a Small Business Center Director coordinates FTE-generating classes designed to meet the management needs of entrepreneurs, that Director's salary will need to be pro-rated according to the formula spelled out in the Guidelines.
- If a Small Business Center Director is asked to coordinate FTE-generating activities that are not focused on entrepreneurship or the "management needs" of entrepreneurs, then an alternative plan must be submitted to the System Office/State Director for approval. Such arrangements should be rare.
- Although colleges retain budget flexibility, using SBC funds to produce FTE (other than approved entrepreneurship programs) or transferring SBC funds without a NCCCS- or State-mandated reversion/reduction will result in the loss of performance funding for the following year.

**Allocation Method:** A total of \$9,986,541 is allocated in FY 2024-25 through the Small Business Center allotment. Each college receives a base allocation of \$162,481. The base amount has been adjusted from the prior year level to account for employer contribution rates for retirement and state health insurance.

Colleges also receive an additional performance allocation. This allocation is based on the following factors (as measured using the sum of the prior two years' data):

- Number of Counseling Clients
- Number of Counseling Hours
- Number of Small Businesses in Service Area
- Number of Businesses Started
- Number of Jobs Created/Retained

For each factor, a college earns 1-58 points. The sum of each factor's score determines a college's total point score. The total number of points determines a college's performance allocation; each point earns approximately \$70. For FY 2024-25, performance funding allocations are calculated based on the colleges' *pro rata* share of total point score, limited to \$562,643 in total due to fund availability.

**Fiscal Management:** These funds will be budgeted and expended through the following codes:

- Purpose codes: current or non-capitalized equipment - 363; capitalized equipment - 940
- Vocational code: 83
- Capitalized equipment purchases must be coded to object code 553500. Non-capitalized equipment purchases should be coded to purpose 363 and object codes 555100 (non-capitalized equipment) or 555200 (non-capitalized equipment - high risk)
- In order to capture all costs associated with the Small Business Center, colleges should charge all Small Business Center expenditures to this code and if additional funds are needed, should transfer funds from other purposes to purpose code 363. Total costs will be utilized for future funding requests and potential funding reallocations.

The General Assembly directed the State Board to allocate these funds for this purpose and these funds may only be spent in accordance with the guidance above.

Colleges are allowed to return funds as part of a reversion up to the *pro rata* share of the total amount of the cut without impacting next year's performance allocation. The \$9,000 requirement that funds be expended for instruction can be waived by the System Office upon recommendation of the State Small Business Center Director in the case of a budgetary shortfall. If that is the case, that reversion will not affect future performance allocations.

#### 4. Customized Training

Per G.S. 115D-5.1(e), the Customized Training Program offers programs and training services to assist new and existing business and industry to remain productive, profitable, and within the state. Funds are allocated to colleges through two means and **cannot be reverted or transferred out to another purpose. Other State funds are not allowed to be transferred into this purpose.**

##### a) Customized Training – Program Projects

**Purpose:** Funds are allotted to colleges to provide customized training assistance in support of full-time production and customer service positions created in North Carolina, thereby enhancing the growth potential of companies located in the state while simultaneously preparing the state’s workforce with skills essential to successful employment in emerging industries. Businesses and industries must meet certain criteria to be eligible to receive assistance. Funds must be used in accordance with the Customized Training Guidelines adopted by the State Board (see [Numbered Memo CC09-14](#)).

Colleges receive a 10% administrative allowance based upon the **current fiscal year expenditures** that support approved Customized Training Program projects. These administrative funds may be used for the following purposes:

- Project clerical staff;
- Project administrative personnel;
- Project coordination staff;
- Travel expenses for personnel involved with the development, coordination, implementation, and monitoring of a Customized Training project;
- Administrative business operations costs (printing, mailing, filing, etc.) associated with Customized Training projects; and
- Printing costs of marketing materials for the Customized Training Program.

**Allocation Method:** Funds are allocated to colleges upon System Office approval of Funds Action Requests for qualifying projects.

**Fiscal Management:** These funds will be budgeted and expended through the following codes:

- Purpose codes: 361 (Use this purpose code regardless of whether the project is approved as job growth, technology investment, or productivity enhancement.)
- Vocational code: 80

**b) Customized Training – Business and Industry Support**

**Purpose:** Colleges receive an initial support allocation that includes both an administrative (\$40,000) and an instructional component. **Colleges may only use up to \$40,000 for administrative purposes.** These funds may be used to support – in total or in part – a position whose responsibility is to serve business and industry. The instructional component may only be used for instructional activities supporting the Manufacturing, Warehousing and Distribution, Business Support Services, Information Technology, and Computer Software Design industries.

**Allocation Method:** A total of \$3,097,500 is allocated in FY 2024-25 to community colleges for Business and Industry Support. Each college receives an administrative allotment of \$40,000.<sup>6</sup> Colleges receive an additional instructional allotment based on the eligible employment in the college’s service area per the following formula:

<b>Eligible Employment</b>	<b>Instructional Allotment</b>
Fewer than 5,000 jobs	\$7,500
5000 – 10,000 jobs	\$10,000
Greater than 10,000 jobs	\$20,000

Eligible employment is defined as employment in the Manufacturing, Warehousing and Distribution, Business Support Services, Information Technology, and Computer Software Design industries, as reported by the NC Division of Employment Security for the 3<sup>rd</sup> quarter of 2023.

**Fiscal Management:** These funds will be budgeted and expended through the following codes:

- Purpose codes: 364 (Administrative), 365 (Instructional)
- Vocational code: 80

---

<sup>6</sup> The only exception is Pamlico CC, which is combined into a consortium with Craven CC.

\*Craven CC and Pamlico CC are combined into a consortium.

## 5. Equipment

**Purpose:** Regular Equipment allocations provide funds for administrative and educational equipment and furniture.

**Allocation Method:** A total of \$48,962,762 is allocated in FY 2024-25 through the regular Equipment allotment. A college's regular Equipment allocation is determined by the sum of the following components:

- **Base Allocation:** Each college receives a base of \$100,000.
- **Weighted FTE Allocation:** The remaining balance of the Equipment allotment is allocated among colleges based on each college's equipment full-time equivalent (E/FTE). Colleges receive \$252.02 per E/FTE. A college's E/FTE is calculated by applying the following ratios to the actual FTE for the preceding year and adding the products to obtain a sum for each college.

Category ratios:

a) Low equipment intensity programs (All non-CTE curriculum plus Basic Skills)	0.50
b) Moderate equipment intensity programs (Workforce Continuing Education)	0.75
c) Basic Skills and Workforce Continuing Education (Career and Technical Education)	1.00

**Fiscal Management:** These funds will be budgeted and expended through the following codes:

- Purpose codes: 920 (Regular Equipment)
- Vocational code: 97 or 20, consistent with the Accounting Procedures Manual

**Note:** Any special categorical funds found in Section IIIC, Program-Specific Categoricals, should be coded according to the instructions that accompany those allotments.

All equipment-related items over \$5,000 must be charged to a Capitalized Equipment object code and tracked in the college's inventory system. Equipment costing less than \$5,000 is generally expensed and would be coded as either Non-Capitalized Equipment or Non-Capitalized Equipment- High Risk. However, with the release of GASB's *Implementation Guide 2021-1*, certain assets below this threshold may now need to be grouped as capital assets and recorded as such. Non-Capitalized Equipment is a non-consumable asset and should never be purchased using a supply object code. Non-Capitalized Equipment object codes can be used with either a capital purpose code (920) or with a current operating purpose code (1XX, 220, 3XX, 4XX, 510).

## 6. Instructional Resources

**Purpose:** The Instructional Resources allotment provides funds for library books, book-like materials, magazines and periodicals, audio visual materials, and other non-equipment learning resources of a durable nature. Book-like materials include electronic resources such as e-book leases and subscriptions to e-book collections.

**Allocation Method:** A total of \$2,500,000 is allocated in FY 2024-25 through the Instructional Resources allotment. A college's instructional resources allocation is determined by the sum of the following components:

- **Base Allocation:** Each college receives a base of \$25,000.
- **Weighted FTE Allocation:** The remaining balance of the Instructional Resources allotment is allocated among colleges based on each college's weighted library full-time equivalent (L/FTE). Colleges receive \$4.33 per weighted L/FTE above 1,000 L/FTE. A college's L/FTE is calculated by applying the following ratios to the actual FTE for the preceding year and adding the products to obtain a sum for each college.

Category ratios:

a) All non-CTE curriculum FTE	2.00
b) Career and Technical Education FTE	1.00
c) Basic Skills and Workforce Continuing Education	0.25

**Fiscal Management:** These funds will be budgeted and expended through the following codes:

- Purpose codes: 930
- Vocational code: 97

**The purchase of Magazines and Newspaper Subscriptions (use object code 539400), and Audio-Visual Supplies (use object code 528000) can be charged to a current expense purpose code or to purpose 930.**

## C. Specific Program Categorical Allocations

The *Appropriations Act* appropriates funds to specific programs at certain colleges. Specific program categorical allocations that support positions have been adjusted to account for adopted salary, retirement, and health insurance rates. Colleges must submit a detailed budget plan for the year to Candid Carrington ***no later than November 29, 2024.***

- C1. High Cost Allocation for Marine Science Program - \$865,444 R:** Provides supplemental funds to support the operation of the Marine Science program at **Cape Fear Community College.**

These funds are budgeted and expended through the following codes:

- Purpose codes: current – 220, 421; capitalized equipment – 940
- Vocational code: 71

- C2. Manufacturing Solutions Center – \$1,095,943 R:** Provides funds to **Catawba Valley Community College** to support the operations of the Center, which assists manufacturing companies adapt to the 21<sup>st</sup> century economy.

These funds will be budgeted and expended through the following codes:

- Purpose codes: current – 310, 422; capitalized equipment – 940
- Vocational code: 87

- C3. Botanical Lab – \$100,000 R:** Provides funds to **Fayetteville Technical Community College** to support the operation of the Botanical Lab.

These funds will be budgeted and expended through the following codes:

- Purpose codes: current - consistent with the approved detail budget plan; capitalized equipment – 940
- Vocational code: 47

- C4. NC Military Business Center – \$2,240,470 R:** Provides funds to **Fayetteville Technical Community College** to support the NC Military Business Center. The purpose of the Center is to serve as a coordinator and facilitator for small- and medium-sized businesses throughout the state seeking to win and complete federal contracts, with a focus on military-related contracts.

These funds will be budgeted and expended through the following codes:

- Purpose codes: current – 370, capitalized equipment – 940
- Vocational code: current – 80, capitalized equipment – 40
- Non-capitalized equipment – purpose code 370 and Vocational Code 80

- C5. Center for Applied Textile Technology – \$770,045 R:** Provides funds to **Gaston College** to support the operations of the Center. Per G.S. 115D-67.1, the purpose of this Center is to develop a world-class workforce for the textile industry in North Carolina; support the textile industry by identifying problems confronting the industry and assisting the industry in solving them; garner support from the textile industry for the work of the Center; and serve as a statewide center of excellence that serves all components of the textile industry.

These funds will be budgeted and expended through the following codes:

- Purpose codes: current - consistent with the approved detail budget plan; capitalized equipment – 940
- Vocational code: 67

- C6. NC Research Campus– \$3,523,664 R:** Provides funds to **Rowan-Cabarrus Community College** to support lease expenses, faculty, and staff, building operations, and equipment at the Biotechnology Training Center at the NC Research Campus in Kannapolis.

These funds will be budgeted and expended through the following codes:

- Purpose codes: current – 371; capitalized equipment – 940
- Vocational code: current – 80, capitalized equipment – 59
- Non-capitalized equipment – purpose code 371 and Vocational Code 80

- C7. Truck Driver Training Program - \$150,000 R:** Provides funds to **Caldwell Community College and Technical Institute** to support the operation of the Truck Driver Training program.

These funds will be budgeted and expended through the following codes:

- Purpose codes: current - consistent with the approved detail budget plan; capitalized equipment – 940
- Vocational code: 46

- C8. Anspach Advanced Manufacturing School - \$515,000 R:** Provides funds to **Mayland Community College** Yancey County Campus to support equipment purchases and operational expenses.

These funds will be budgeted and expended through the following codes:

- Purpose codes: current – consistent with the approved detail budget plan; capitalized equipment – 940
- Vocational code: 69

- C9. Prison Education Program - \$585,000 R:** Provides funds to **Cleveland Community College** to support the expansion of Cleveland Community College prison education program.

These funds will be budgeted and expended through the following codes:

- Purpose codes: current – consistent with the approved detail budget plan; capitalized equipment – 940
- Vocational code: 85

**C10. Viticulture and Enology - \$250,000 R:** Provides funds to **Surry Community College** for the Viticulture and Enology program at Surry Community College.

These funds will be budgeted and expended through the following codes:

- Purpose codes: current – consistent with the approved detail budget plan; capitalized equipment – 940
- Vocational code: 68

**C11. Equipment - \$250,000 R:** Provides funds to **James Sprunt Community College** to purchase equipment for James Sprunt Community College Workforce Continuing Education programs.

These funds will be budgeted and expended through the following codes:

- Purpose codes: 940
- Vocational code: 60 (in combination with college assigned unit code)

**C12. Career Academies for At-Risk Students - \$500,000 NR:** Provides funds to **Cape Fear Community College** to support a partnership with New Hanover County Schools and Pender County Schools to meet the needs of certain underserved students.

These funds will be budgeted and expended through the following codes:

- Purpose codes: current - consistent with the approved detail budget plan
- Vocational code: 60 (in combination with college assigned unit code)

## IV. Use of State Funds and Budget Flexibility

### A. Cash Management – FOR INFORMATION ONLY

#### G.S. 147-86.10. Statement of policy.

It is the policy of the State of North Carolina that all agencies, institutions, departments, bureaus, boards, commissions, and officers of the State, whether or not subject to the State Budget Act, Chapter 143C of the General Statutes, shall devise techniques and procedures for the receipt, deposit, and disbursement of moneys coming into their control and custody which are designed to maximize interest-bearing investment of cash, and to minimize idle and nonproductive cash balances. This policy shall apply to the General Court of Justice as defined in Article IV of the North Carolina Constitution, the public school units as defined in G.S. 147-86.12, and the community colleges with respect to the receipt, deposit, and disbursement of moneys required by law to be deposited with the State Treasurer and with respect to moneys made available to them for expenditure by warrants drawn on the State Treasurer. This policy shall include the acceptance of electronic payments in accordance with G.S. 147-86.22 to the maximum extent possible consistent with sound business practices. (1985, c. 709, s. 1; 1999-434, s. 2; 2006-203, s. 120; 2021-170, s. 4(f).)

#### G.S.147-86.13. Cash management for community colleges.

All community colleges and their officers and employees are subject to the provisions of G.S. 147-86.11 with respect to moneys required by law to be deposited with the State Treasurer and with respect to moneys made available to them for expenditure by warrants drawn on the State Treasurer. (1985, c. 709, s. 1; 1987, c. 564, s. 9.)

### B. Use of State Funds – FOR INFORMATION ONLY

Per G.S. 143C-6-1, all appropriations of State funds, “authorize expenditures only for the (i) purposes or programs and (ii) objects or line items enumerated in the Recommended State Budget and the Budget Support Document recommended to the General Assembly by the Governor, as amended and enacted by the General Assembly in the Current Operations Appropriations Act, the Capital Improvements Appropriations Act, or any other act affecting the State budget.”

While G.S. 143C-6-1 only allows colleges to use State funds for legislatively authorized purposes, G.S. 115D-31(b1) provides colleges some local flexibility to determine how much money within each college’s budget will be expended on those purposes. Per G.S. 115D-31(b1), community colleges may use, “State funds allocated to it, **except for Literacy (Basic Skills) and Customized Training funds**, for any authorized purpose that is consistent with the college’s Institutional Effectiveness Plan.... Each local community college shall include in its Institutional Effectiveness

Plan a section on how funding flexibility allows the college to meet the demands of the local community and to maintain a presence in all previously funded categorical programs.”

**Colleges must exercise this flexibility consistent with other provisions of law and State Board policy**, including but not limited to the *Appropriations Act*, the *State Board of Community Colleges Code*, and the *Accounting Procedures Manual*.

Except for Basic Skills and Customized Training funds, colleges have the authority to use funds flexibly. There is no limitation on the amount of money that may be transferred among purposes or between salaries/benefits and other costs. Likewise, colleges may transfer current operating funds to equipment and vice versa.

### **C. Authority to Use Funds for Campus Security**

G.S. 115D-32(a)(2)(a)(1) places the financial responsibility for “watchmen” within the current expense portion of the tax-levying authority of each institution. In effect, this statute places the fiscal responsibility for campus security personnel upon the county commissioners. Section 8.17.(a) of S.L. 2009-451, however, authorized the State Board to revise the college funding formulas to ensure that adequate funds are available for campus security. These funds shall be used to supplement and shall not be used to supplant existing local funding for campus security.

Under this authority, the State Board authorizes each college to use up to **three percent (3%)**<sup>7</sup> of the State funds allocated to it through the enrollment allotment of the Institutional Support formula for campus security. The Institutional Support allotment is the portion of the State Aid allocation formula that provides funding for management, financial services, general administration, information systems, and student support services. These are all non-instructional funds. Using this authority, colleges may:

1. Hire security personnel;
2. Contract for professional security services;
3. Purchase surveillance cameras, call boxes, alert systems, and other equipment-related expenditures, excluding vehicles.

A college may both purchase the equipment and have it installed with these funds. These activities are not to be considered “capital improvement projects”, but rather the purchase and installation of equipment. The maximum amount of expenditure for these purposes is on the following page.

**Fiscal Management:** Funds within non-instructional purpose codes (1XX, 410, 421, 422, 430, and 510) may be used for allowable uses described above. For capitalized equipment expenditures, funds **must be transferred** from one of these non-instructional purpose codes to Purpose Code 920.

---

<sup>7</sup> Per State Board of Community Colleges action on 3/18/2016 as described in FC 4.

Funds expended on campus security under this authority shall be tracked in the following:

- Vocational code: 92

**V. Tuition and Fees – FOR INFORMATION ONLY**

G.S. 115D-39 authorizes the State Board of Community Colleges to fix and regulate all tuition and fees charged to students for applying to or attending any community college.

**A. Curriculum Tuition Rates**

S.L. 2023-134 did not include a curriculum tuition increase; therefore, tuition rates for 2024-25 shall remain at current rates:

- **Residents:** Students qualifying for in-state tuition shall be charged \$76 per credit hour up to a maximum per semester of \$1,216, based upon 16 credit hours of instruction.
- **Non-Residents:** Out-of-state students shall be charged \$268 per credit hour up to a maximum per semester of \$4,288, based upon 16 credit hours of instruction.

**B. Workforce Continuing Education Registration Fees**

Registration fees for continuing education courses shall be based on the course length. Continuing education registration fees for 2024-25 courses shall remain at current rates:

Course Length	Registration Fee
0-24 Hours	\$70
25-50 Hours	\$125
50+ Hours	\$180

**C. Estimated Receipts**

For FY 2024-25, the budget for curriculum tuition and continuing education registration fees receipts is \$291,987,824. This is the same as the prior year’s budget as no additional funding has been approved as of this publication.

	Curriculum	Workforce Con Ed	Total
<b>FY 2023-24 Receipts Budget</b>	\$277,818,113	\$14,169,711	\$291,987,824
<b>Enrollment Adjustment</b>	-	-	-
<b>FY 2024-25 Budgeted Receipts</b>	<b>\$277,818,113</b>	<b>\$14,169,711</b>	<b>\$291,987,824</b>

Budgets for estimated receipts for curriculum have been calculated in total; therefore, each college will have to determine the portion of estimated receipts they anticipate collecting from out-of-state students to record on their 112 report and adjust accordingly.

The total budget for estimated receipts must not exceed the amount shown. Estimated receipts must be shown in Column 2, State Budget Estimated Receipts, on the college's September DCC2-112 report.

## **VI. Other Budget Policy Issues – FOR INFORMATION ONLY**

S.L. 2023-134 includes the following special provisions that are relevant to community colleges. See Appendix A for the full text of each provision.

- **Section 4.9.(d) Priority of Disbursement of Funds in the 2024-2025 Fiscal Year**  
Funding for ARPA projects is prioritized, with Nursing and Health-Related Workforce Programs Start-Up Funds (\$20M NR in FY 2024-25) in seventh place.
- **Section 5.6.(a)(2) Recapture of Unused Funds**  
Prior years' unused disaster relief funds for the community colleges (~ \$3.4 million) will be transferred to the State Emergency Response and Disaster Relief Fund.
- **Section 5.8.(e) Medical Freedom/COVID-19 Vaccinations**  
Community colleges are prohibited from requiring students to provide proof of vaccination against COVID-19 or submit to vaccination for same unless such is required for participation in a program that requires working, volunteering, or training in a facility certified by the Centers for Medicare and Medicaid Services.
- **Section 6.2. High-Cost Healthcare Workforce Programs Start-Up Funds**  
NCCCS must establish the High-Cost Healthcare Workforce Programs Fund to assist colleges with starting new programs in high-demand healthcare fields that require significant start-up funds. These funds are only for one healthcare program per year, such as nursing, and the System Office must establish an application process for funds to be awarded. A local match of 10-15% would be required, depending upon the size of the college.
- **Section 6.5. NC Community College Short-Term Workforce Development Grants**  
The State Board of Community Colleges shall establish the Short-Term Workforce Development Grant program and adopt rules for its administration. The Board will collaborate with the N.C. Department of Commerce to determine eligible programs for the highest-demand occupations in the state. Eligible students will be awarded up to \$750.
- **Section 6.8.(b1) Extend RISE Up Training and Credentialing Program**  
For any RISE Up credentials remaining in the FY23-25 biennium, the N.C. Retail Merchants Association and the Retail Consumer Alliance shall implement the RISE Up credentialing program.

- **Section 6.9. Community College Programs Serving IDD Students**  
 The State Board of Community Colleges is directed to establish a training program for up to 15 community colleges to provide opportunities for micro-credentials that lead to increased employment for individuals with intellectual and developmental disabilities.
- **Section 6.10. Community College System Governance and Authority Changes**  
 The president of the Community Colleges System is subject to confirmation by the General Assembly. Phases in appointing authority changes to the State Board to become appointed by the legislature and reduces the membership of the State Board begin July 1, 2027. Appointees will serve the remainder of their current term. Local college boards of trustees will be appointed by the legislature and board of commissioners as their current term expires.
- **Section 6.11. Vocational Rehabilitation Pilot Program**  
 The State Board shall establish this Vocational Rehabilitation Pilot Program for the 2023-24 to 2025-26 academic years to support students with intellectual and developmental disabilities. Colleges may apply to participate and, if selected, may use state funds to meet federal matching requirements.
- **Section 6.12. Revise Multicampus Center Requirements**  
 Formalizes the requirement that multi-campus centers must be a minimum of four miles from the main campus and other multi-campus locations. Further provides that the State Board may set additional criteria.
- **Section 8A.7. Longleaf Commitment Community College Grant**  
 Establish the Longleaf Commitment Community College Grant Program, which will award eligible students from \$700 to \$2,800 per year for up to two years for tuition and fees. Appropriated from the escheats fund to NCSEAA via the UNC Board of Governors.
- **Section 8A.10. Conform In-State Tuition for Military-Related Individuals with Federal Law**  
 Conforms the in-state qualified veteran to federal law by replacing references to the armed forces with the employer of a qualifying federal services member.
- **Section 8A.15. Common Digital Transcript**  
 Directs the UNC Board of Governors to use funds appropriated to them in the Act to work in consultation with the Department of Public Instruction and the System Office to design, develop, and maintain a common digital transcript system.
- **Section 23.4. CAGC Construction Training and Apprenticeship Program**  
 Allows for grants to selected community colleges to expand construction programs created as part of the CAGC Construction Training and Apprenticeship Program.

- **Section 39.13. Community College Salary Increases**  
Legislative increase for community college personnel is 3% in FY2024-25.
- **Section 39.24. Mitigate Bonus Leave**  
Mitigate Bonus Leave payments are authorized for this FY2023-25 biennium.
- **Section 39.26. Salary-Related Contributions**  
The employer's retirement rate for FY 2024-25 is set at 24.04%.

## Appendix A: Relevant Excerpts from Session Law 2023-134

### ARPA TEMPORARY SAVINGS FUND

**SECTION 4.9.(d)** Priority of Disbursement of Funds in the 2024-2025 Fiscal Year. – For the 2024-2025 fiscal year, funds appropriated in this act from the ARPA Temporary Savings Fund and allocated as described in this act, or in the Committee Report described in Section 43.2 of this act, shall be disbursed in the following order:

- (1) East Carolina University – Health Affairs (Budget Code 16066) for ECU Primary Care Programs Expansion.
- (2) The Department of Public Instruction (Budget Code 13510) for Health Career Promotion.
- (3) UNC BOG – Institutional Programs (Budget Code 16011) for Rural Residency Medical Education and Training Fund.
- (4) The Department of Health and Human Services, Division of Health Benefits, (Budget Code 14445) for Federally Qualified Health Centers and Rural Health Clinics.
- (5) UNC BOG – Related Education Programs (Budget Code 16012) for Primary Care Providers and Psychiatrists Forgivable Loan Program.
- (6) UNC at Pembroke (Budget Code 16082) for UNCP Health Sciences.
- (7) NC Community College System (Budget Code 16800) for Nursing and Health-Related Workforce Programs Start-up Funds.
- (8) The Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Use Services, (Budget Code 14460) for State Facility Workforce Investment.
- (9) The Department of Health and Human Services, Central Management and Support, Office of Rural Health (Budget Code 14410) for Incentives for Health Providers in Rural and Underserved Areas.
- (10) In order of least to most, all remaining allocations that are not allocations made through funds appropriated to the State Capital and Infrastructure Fund.
- (11) In order of least to most, allocations made through funds appropriated to the State Capital and Infrastructure Fund.

If there are two or more allocations in subdivision (10) or subdivision (11) of this subsection that are of equal amounts, then the funds for those allocations shall be disbursed in the order determined by the Secretary of DHHS, taking into account any time lines for the use of the funds, the best interest of the citizens of the State, and the avoidance of any disruption in services to those citizens.

### HIGH-COST HEALTHCARE WORKFORCE PROGRAMS START-UP FUNDS

**SECTION 6.2.(a)** Establishment of the Fund. – Of the funds appropriated in this act from the ARPA Temporary Savings Fund to the Community Colleges System Office for the 2023-2025 fiscal biennium, the System Office shall establish the Fund for High-Cost Healthcare Workforce Programs (Fund). The Fund shall be used to assist community colleges in starting new programs in high-demand healthcare career fields that require significant start-up funds. Monies shall be allocated from the Fund in each fiscal year of the 2023-2025 fiscal biennium only for programs related to healthcare, including nursing.

**SECTION 6.2.(b)** Applications. – The System Office shall establish an application process for community colleges to apply for awards from the Fund no later than the beginning of each fiscal year of the 2023-2025 fiscal biennium. To be eligible to receive funds, colleges shall submit to the System Office a completed application, which shall include at least the following information:

- (1) A description of the proposed new program requiring start-up funds.

- (2) Documentation of industry demand for the program or documentation of future local, regional, or statewide employment needs that will be met by the program.
- (3) Total cash cost to start the program and maintain the program over two fiscal years.
- (4) A plan for the fiscal sustainability of the new program.

**SECTION 6.2.(c) Limitation on the Use of Funds.** – A community college may only apply for the award of funds to support one new program in each fiscal year. Funds shall remain available to the community college for a period of two fiscal years.

**SECTION 6.2.(d) Matching Funds.** – A community college identified below shall be required to match a percentage of the total cash cost of the program with non-State funds based on a college's total full-time equivalents (FTE) according to the following:

- (1) Community colleges with a total FTE greater than 6,500 shall be required to match fifteen percent (15%) of the cost.
- (2) Community colleges with a total FTE between 2,500 and 6,500 shall be required to match ten percent (10%) of the cost.

**SECTION 6.2.(e) Administration.** – The System Office may adopt any regulations, policies, or procedures regarding the application process, use of funds, eligibility requirements, and any other rules necessary related to the administration of the Fund. The System Office may use up to one hundred thousand dollars (\$100,000) each fiscal year for administrative costs for establishing and implementing the program.

**SECTION 6.2.(f) Report.** – The System Office shall submit an initial report to the Joint Legislative Education Oversight Committee by December 1, 2024, and an annual report thereafter for each year the System Office provides funds to community colleges from the Fund on the programs receiving the funds, which shall include at least the following information:

- (1) The community colleges that received funds, the amount of funds, and the types of healthcare programs started.
- (2) The use of funds by community colleges receiving awards, including costs associated with student instruction, faculty salaries, instructional supplies, related instructional equipment, and accreditation costs.
- (3) Evaluation of the success of the new community college healthcare programs receiving funds.

## **NC COMMUNITY COLLEGE SHORT-TERM WORKFORCE DEVELOPMENT GRANTS**

**SECTION 6.5.** Article 1 of Chapter 115D of the General Statutes is amended by adding a new section to read:

### **"§ 115D-5.1A. Short-Term Workforce Development Grant Program.**

**(a) Program Established.** – There is established the North Carolina Community College Short-Term Workforce Development Grant Program (Program) to be administered by the State Board of Community Colleges. The State Board shall adopt rules for the disbursement of the grants pursuant to this section.

**(b) Programs of Study.** – The State Board of Community Colleges, in collaboration with the Department of Commerce, shall determine the eligible programs of study for the Program, according to the occupations that are in the highest demand in the State. The eligible programs of study shall include programs such as architecture and construction, health sciences, information technology, electrical line worker, and manufacturing programs and may include other programs to meet local workforce needs.

**(c) Award Amounts.** – To the extent funds are made available for the Program, the State Board of Community Colleges shall award grants in an amount of up to seven hundred fifty dollars (\$750.00) to students pursuing short-term, noncredit State and industry workforce credentials. The State Board of Community Colleges shall establish criteria for initial and continuing eligibility for students. At a

minimum, students shall be required to qualify as a resident for tuition purposes under the criteria set forth in G.S. 116-143.1 and in accordance with the coordinated and centralized residency determination process administered by the State Education Assistance Authority.

(d) Report. – The State Board shall submit a report by April 1, 2024, and annually thereafter, on the Program to the Joint Legislative Education Oversight Committee and the Fiscal Research Division. The report shall contain, for each academic year and by programs of study, the amount of grant funds disbursed and the number of eligible students receiving funds."

## **EXTEND RISE UP TRAINING AND CREDENTIALING PROGRAM**

**SECTION 6.8.** Section 6.8 of S.L. 2021-180, as amended by Section 6.1 of S.L. 2022-74, reads as rewritten:

**"SECTION 6.8.(a)** The Community Colleges System Office shall partner with the North Carolina Retail Merchants Association and the Retail Consumer Alliance Foundation to implement the RISE Up credentialing program for the 2021-2023 fiscal biennium to teach foundational skills to students attending community colleges and cooperative innovative high schools for career success in the retail industry, customer service, and sales, which may include inventory management and profitability, as well as supply chain warehouse, inventory, and logistics. The RISE Up credentialing program offers all of the following: (i) opportunities for the industry to share the skills valued in job candidates and employees, (ii) valuable skills needed in any industry, particularly customer service, sales, and skills to run a business, (iii) job readiness skills, such as resume preparation, interviewing strategies, professionalism in the workplace, and soft skills, including listening and problem solving, (iv) an understanding of the retail industry and its wide variety of jobs, and (v) preparation for students for the nearly 130,000 retail establishments and more than 1,000,000 retail jobs in North Carolina.

**"SECTION 6.8.(b)** The RISE Up credentialing program shall be offered to students at community colleges and cooperative innovative high schools through each partner community college with the opportunity for up to four different levels of the RISE Up credentials that include the following:

- (1) Retail Industry Fundamentals.
- (2) Customer Service & Sales.
- (3) Operations and Profit.
- (4) Supply Chain: Warehouse, Inventory, & Logistics.

**"SECTION 6.8.(b1)** For any credentials remaining in the 2023-2025 fiscal biennium, the North Carolina Retail Merchants Association and the Retail Consumer Alliance Federation shall implement the RISE Up credentialing program as described in subsections (a) and (b) of this section for any individuals that meet the eligibility requirements for the program, including, but not limited to, students at community colleges and cooperative innovative high schools.

**"SECTION 6.8.(c)** The System Office, in collaboration with the North Carolina Retail Merchants Association and the Retail Consumer Alliance Foundation, shall submit an initial report by December 1, 2022, and a final report by December 1, 2023, to the Joint Legislative Education Oversight Committee, the Senate Appropriations Committee on Education/Higher Education, the House Appropriations Committee on Education, and the Fiscal Research Division on the results of implementing the RISE Up credentialing programs, including at least the following information:

- (1) The number of students who received or are in the process of receiving credentials, by type of credential.
- (2) Student outcomes related to the credentialing.
- (3) A list of the community colleges and cooperative innovative high schools participating in the program.

**"SECTION 6.8.(d)** The North Carolina Retail Merchants Association and the Retail Consumer Alliance Federation shall submit an initial report by December 1, 2024, and a final report by December 1,

2025, to the Joint Legislative Education Oversight Committee on the results of implementing the RISE Up credentialing program in the 2023-2025 fiscal biennium, including at least the following information:

- (1) The number of individuals who received or are in the process of receiving credentials, by type of credential.
- (2) Individual outcomes related to the credentialing.
- (3) A list of the educational institutions participating in the program, including community colleges and cooperative innovative high schools."

## **COMMUNITY COLLEGE PROGRAMS SERVING IDD STUDENTS**

**SECTION 6.9.(a)** Article 3 of Chapter 115D of the General Statutes is amended by adding a new section to read:

**"§ 115D-44. Training programs for students with intellectual and developmental disabilities.**

(a) The State Board of Community Colleges shall establish a community college training program for up to 15 community colleges. The program shall provide opportunities for micro-credentials or other credentials that lead to increased employment outcomes for individuals with intellectual and developmental disabilities (IDD). To the extent funds are appropriated for this purpose, the program shall improve the ability of participating community colleges to offer training and educational components that include improving employability skills and providing on-the-job training and apprenticeships with business and industry for individuals with IDD. The goal of the program shall be to inform community colleges and address cross-departmental supports within the individual community colleges on programs for individuals with IDD related to at least the following:

- (1) Establishing best practices for providing vocational training for individuals with IDD.
- (2) Providing financial and benefits counseling.
- (3) Developing strategies on integrating assistive technology.
- (4) Maximizing access, with supports, to credential and degree programs, including micro-credentials that are established by the State Board.
- (5) Identifying methods to increase orientation and integration of individuals with IDD into the college community to the greatest extent possible.
- (6) Determining a needs assessment, marketing, and evaluation to serve a broad array of individuals with developmental and other similar disabilities or learning challenges to assure adequate demand for new or existing programs.

(b) No later than May 1 of each year, the Community Colleges System Office shall report on the funds appropriated to the System Office for the purposes of this section to the Joint Legislative Education Oversight Committee and the Fiscal Research Division. At a minimum, the report shall address the impact of the program, the use of any additional positions created at community colleges, professional development training for staff, and funding sources identified for individuals with IDD to build programs at community colleges that support postsecondary trainings and certifications that enable individuals with IDD to engage in competitive, sustainable employment."

**SECTION 6.9.(b)** Of the recurring funds appropriated in this act to the Community Colleges System Office for the 2023-2025 fiscal biennium to support increasing program offerings for individuals with IDD pursuant to G.S. 115D-44, as enacted by this section, the System Office shall establish at least two statewide positions for program support, provide professional development training for college advising staff to assist students with IDD for career pathway exploration and the identification of credentials leading to competitive employment, and explore funding sources to sustain programs for students with IDD.

## **CAREER ACADEMIES FOR AT-RISK STUDENTS**

**SECTION 6.9A.(a)** Program Established. – There is established a program for the 2023-2025 fiscal biennium between Cape Fear Community College (CFCC), New Hanover County Schools, and Pender County Schools to meet the needs of underserved students in seventh through ninth grade through an opportunity for extended time on CFCC's campus in various career and technical education programs. The goals of the program shall include (i) exposing students from underperforming schools and underserved populations to career training opportunities available at CFCC, (ii) guiding students toward successful career outcomes, (iii) providing support services to students, including academic tutoring, academic counseling, personal mentoring, and financial support through financial aid and scholarships, and (iv) increasing graduation and postsecondary outcomes for these students.

**SECTION 6.9A.(b)** Components of the Program. – CFCC, New Hanover County Schools, and Pender County Schools shall offer a summer career academy program to at-risk students from each local school administrative unit for a total of up to 300 students in seventh through ninth grade. The career academy program shall introduce students to life on a college campus with the goal of creating a familiarity with and positive experience in the postsecondary environment. Students shall visit two career and technical education programs per day for five consecutive days for two consecutive weeks in different subject areas, such as welding, marine technology and boat building, electrical, culinary, medical assisting, public safety, arts, veterinary assisting, and chemical technology. The career academy program shall include speakers and support for financial aid and scholarship opportunities and an introduction to the Career and College Promise Program. CFCC shall also hire career liaisons in time-limited positions for placement in certain middle schools in New Hanover County Schools and Pender County Schools to support at-risk students. The goal of adding career liaisons to the schools shall be to provide students with exposure to career and technical education opportunities that otherwise would not be available to them.

**SECTION 6.9A.(c)** Report. – CFCC, in collaboration with New Hanover County Schools and Pender County Schools, shall submit an initial report by October 1, 2024, and annually thereafter while funds are expended under the program, to the Joint Legislative Education Oversight Committee and the Fiscal Research Division on the results of the pilot program and the placement of the career liaisons in schools to support at-risk students, including the number of students who enrolled in Career and College Promise Program pathways following completion of the career academy program and other relevant student outcome data for at-risk students.

**SECTION 6.9A.(d)** Carryforward. – The nonrecurring funds appropriated to the Community Colleges System Office in this act for the 2023-2025 fiscal biennium for the program shall not revert at the end of each fiscal year but shall remain available until expended.

## **VOCATIONAL REHABILITATION PILOT PROGRAM**

**SECTION 6.11.(a)** Program; Purpose. – The State Board of Community Colleges shall establish the Vocational Rehabilitation Pilot Program (Program) for the 2023-2024 to 2025-2026 academic years. The purpose of the Program is to provide support services to community college students with intellectual and developmental disabilities to help the students reach their goals for employment and independence without duplicating the existing vocational support network.

**SECTION 6.11.(b)** Use of Funds; Selection. – Community colleges may apply to the State Board of Community Colleges to participate in the Program. The State Board, in consultation with the Division of Vocational Rehabilitation Services of the Department of Health and Human Services (DVR), shall select community colleges to participate in the Program. As part of the Program, the Community Colleges System Office shall contract with DVR to place student counselors at selected community colleges in the State. Funds provided for this purpose may be used to meet any applicable federal matching requirements for student counselors and for costs related to administration of the Program.

**SECTION 6.11.(c) Report.** – No later than March 15, 2024, and each year thereafter in which funds are expended during the Program, the State Board of Community Colleges, in consultation with DVR, shall report on the impact of the Program on participants, including at least the following information:

- (1) The mental health and well-being of participants.
- (2) Job placements of participants.

**SECTION 6.11.(d) Funds.** – The nonrecurring funds appropriated in this act to the Community Colleges System Office for the 2023-2024 fiscal year for the Program shall not revert at the end of the 2023-2024 fiscal year but shall remain available until the end of the 2025-2026 fiscal year.

#### **LONGLEAF COMMITMENT COMMUNITY COLLEGE GRANT**

**SECTION 8A.7.(a) Program Established.** – Of the funds appropriated in this act to the Board of Governors of The University of North Carolina for each year of the 2023-2025 fiscal biennium to be allocated to the State Education Assistance Authority for the Longleaf Commitment Grant Program (Program) from the Escheat Fund and the General Fund, the Authority shall administer the Program for the 2023-2025 fiscal biennium to award grants to eligible students graduating from high school at the end of the 2022-2023 school year to cover tuition and fees at a community college for up to two years.

**SECTION 8A.7.(b) Eligible Students.** – A student shall be considered an eligible student to receive a grant under the Program if the student meets all of the following requirements:

- (1) Graduates from high school during the 2022-2023 school year or receives a high school equivalency diploma during the 2022-2023 school year.
- (2) Qualifies as a resident for tuition purposes under the criteria set forth in G.S. 116-143.1 and in accordance with the coordinated and centralized residency determination process administered by the Authority.
- (3) Completes the Free Application for Federal Student Aid (FAFSA) for the 2023-2024 academic year and, if applicable, renews the FAFSA for the 2024-2025 academic year. (4) Has an Expected Family Contribution (EFC) below fifteen thousand dollars (\$15,000). (5) Enrolls in the Fall 2023 semester and maintains enrollment in at least six credit hours per semester in curriculum courses at a community college.

**SECTION 8A.7.(c) Award Amounts.** – Grants awarded under the Program shall be for a minimum amount of seven hundred dollars (\$700.00) per eligible student with a maximum grant of up to two thousand eight hundred dollars (\$2,800) per eligible student per year for up to two years, which includes cost of tuition and a fee allowance.

**SECTION 8A.7.(d) Administration.** – The Authority may adopt rules for the administration of the Program. Of the funds appropriated in this act to the Board of Governors of The University of North Carolina for each year of the 2023-2025 fiscal biennium to be allocated to the State Education Assistance Authority for the Program from the General Fund, the Authority may use up to one percent (1%) of the total appropriations for the Program from all funding sources in each fiscal year for administrative costs related to the Program.

**SECTION 8A.7.(e) Reports.** – The Authority shall submit the following reports to the Joint Legislative Education Oversight Committee regarding the Program:

- (1) By March 15, 2024, recommendations for a permanent community college grant program that incorporates the goals of the Longleaf Commitment Grant Program established in this section and the Need-Based Scholarship Program for Public Colleges and Universities established in Part 5 of Article 23 of Chapter 116 of the General Statutes.
- (2) An initial report by September 1, 2024, and a final report by September 1, 2025, on the implementation of the Program. These reports shall contain, for each

academic year, the amount of grant funds disbursed and the number of eligible students receiving funds.

**ELIGIBLE STATE-FUNDED EMPLOYEES AWARDED LEGISLATIVE SALARY 26 INCREASES/EFFECTIVE JULY 1, 2023, AND JULY 1, 2024**

**SECTION 39.1.(a1)** Effective July 1, 2024, except as provided by subsection (b) of this section, a person (i) whose salary is set by this Part, pursuant to the North Carolina Human Resources Act, or as otherwise authorized in this act and (ii) who is employed in a State-funded position on June 30, 2024, is awarded:

- (1) A legislative salary increase in the amount of three percent (3%) of annual salary in the 2024-2025 fiscal year.
- (2) Any salary adjustment otherwise allowed or provided by law.

**COMMUNITY COLLEGES**

**SECTION 39.13.(a)** Community college personnel shall receive the following legislative salary increases:

- (1) Effective July 1, 2023, the State Board of Community Colleges shall provide community college faculty and non-faculty personnel with an across-the-board salary increase in the amount of four percent (4%).
- (2) Effective July 1, 2024, the State Board of Community Colleges shall provide community college faculty and non-faculty personnel with an across-the-board salary increase in the amount of three percent (3%).

**SECTION 39.13.(b1)** Effective July 1, 2024, the minimum salaries for nine-month, full-time curriculum community college faculty for the 2024-2025 fiscal year are as follows:

	Minimum Salary
Education Level	2024-2025
Vocational Diploma/Certificate or Less	\$43,120
Associate Degree or Equivalent	43,720
Bachelor's Degree	46,321
Master's Degree or Education Specialist	48,629
Doctoral Degree	51,956

**SECTION 39.13.(c)** No full-time faculty member shall earn less than the minimum salary for the faculty member's education level. The pro rata hourly rate of the minimum salary for each education level shall be used to determine the minimum salary for part-time faculty members.

**MITIGATE BONUS LEAVE**

**SECTION 39.24.** During the 2023-2025 fiscal biennium, State agencies, departments, institutions, the North Carolina Community College System, and The University of North Carolina may offer State employees the opportunity to use or to cash in special bonus leave benefits that have accrued pursuant to Section 28.3A of S.L. 2002-126, Section 30.12B(a) of S.L. 2003-284, Section 29.14A of S.L. 2005-276, and Section 35.10A of S.L. 2014-100, but only if all of the following requirements are met:

- (1) Employee participation in the program must be voluntary.
- (2) Special leave that is liquidated for cash payment to an employee must be valued at the amount based on the employee's current annual salary rate.
- (3) By March 1, 2025, a report on the position characteristics of employees participating in the program shall be submitted to the respective agency head or employing agency and to the Fiscal Research Division.

**SALARY-RELATED CONTRIBUTIONS**

**SECTION 39.26.(a)** Effective for the 2023-2025 fiscal biennium, required employer salary-related contributions for employees whose salaries are paid from department, office, institution, or agency receipts shall be paid from the same source as the source of the employee's salary. If an employee's salary is paid in part from the General Fund or Highway Fund and in part from department, office, institution, or agency receipts, required employer salary-related contributions may be paid from the General Fund or Highway Fund only to the extent of the proportionate part paid from the General Fund or Highway Fund in support of the salary of the employee, and the remainder of the employer's requirements shall be paid from the source that supplies the remainder of the employee's salary. The requirements of this section as to source of payment are also applicable to payments on behalf of the employee for hospital medical benefits, longevity pay, unemployment compensation, accumulated leave, workers' compensation, severance pay, separation allowances, and applicable disability income benefits.

**SECTION 39.26.(c)** Effective July 1, 2024, the State's employer contribution rates budgeted for retirement and related benefits as a percentage of covered salaries for the 2024-2025 fiscal year for teachers and State employees, State law enforcement officers (LEOs), the University and Community Colleges Optional Retirement Programs (ORPs), the Consolidated Judicial Retirement System (CJRS), and the Legislative Retirement System (LRS) are as set forth below:

	<b>Teachers and State Employees</b>	<b>State LEOs</b>	<b>ORPs</b>	<b>CJRS</b>	<b>LRS</b>
Retirement	16.79%	16.79%	6.84%	37.00%	22.00%
Disability	0.13%	0.13%	0.13%	0.00%	0.00%
Death	0.13%	0.13%	0.00%	0.00%	0.00%
Retiree Health	6.99%	6.99%	6.99%	6.99%	6.99%
NC 401(k)	0.00%	5.00%	0.00%	0.00%	0.00%
<b>Total Contribution Rate</b>	<b>24.04%</b>	<b>29.04%</b>	<b>13.96%</b>	<b>43.99%</b>	<b>28.99%</b>

The rate for teachers and State employees and State law enforcement officers includes one one-hundredth percent (0.01%) for the Qualified Excess Benefit Arrangement.

**SECTION 39.26.(e)** Effective July 1, 2024, the annual employer contributions for the 2024-2025 fiscal year, payable monthly, by the State to the North Carolina State Health Plan for Teachers and State Employees for each covered employee and retiree are as follows:

- (1) For employees, a maximum amount of eight thousand ninety-five dollars (\$8,095).
- (2) For retirees, a recommended amount of five thousand four hundred five dollars (\$5,405).

## Appendix D

### NORTH CAROLINA COMMUNITY COLLEGE SYSTEM Key Formula Values FY 2024-25

---

Base		\$525,822
Tier 1A	Ratio	17.3996
	Equivalent Value	\$5,215.16
Tier 1B	Ratio	19.7605
	Equivalent Value	\$4,613.41
Tier 2	Ratio	22.8625
	Equivalent Value	\$4,011.66
Unit Value		\$60,401
Other Cost		\$178.44

#### Non-Curriculum Values:

Base		\$87,637
Tier 1A	Ratio	17.3996
	Equivalent Value	\$5,215.16
Tier 1B	Ratio	19.7605
	Equivalent Value	\$4,613.41
Tier 2	Ratio	22.8625
	Equivalent Value	\$4,011.66
Tier 3	Ratio	37.1196
	Equivalent Value	\$2,539.38
Unit Value		\$60,401
Other Cost		\$178.44

#### Institutional Support:

Base Allotment		\$2,918,549
MCC Level 1		\$681,132
MCC Level 2		\$1,139,192
Enrollment Allotment		\$1,974 per FTE above 750
Social Security	6.20%	
Medicare	1.45%	
Retirement	24.04%	
Health Ins		\$8,095
Position Values:		
Senior Administrator		\$105,930
Supervisor of Programs		\$91,598
General Institution		\$69,342
Student Services		\$69,342
Technical/Paraprofessional		\$47,580
Clerical		\$40,768

## Appendix E

### NORTH CAROLINA COMMUNITY COLLEGE SYSTEM Per Capita Costs for Budget FTE FY 2024-25

<b>Tier 1A</b>	
Instruction	\$ 5,215.16
Institutional and Academic Support	1,974.00
